Dear Dr. Falconer,

I beg to remind you that I have not yet received
a memorandum which you were to have made of the appointments to
the staff made from Europe this year.

Yours truly,

Gordon Waldron

Dear Mr. Waldron:

I was under the impression that what you asked for was a return to be made to the Senate at its next meeting on Friday night of next week, consequently I was not expecting to be asked for any information until then. However, I have to-day had the list gone over and I think the following are all the appointments made to the staff of graduates of Colleges and Universities in Europe and the United States which have been appointed to the staff since the first of July:

Dr. Peter Sandiford of Manchester, Ph.D. (Columbia) Associate Professor of Education.

George Kartzke, Ph.D. (Berlin), temporary lecturer in German to take Professor Vanier Grissen's place.

B. Tapper, educated in Germany and the United States, temporary supply for Professor Toews, who is on sick leave.

H. G. S. Dickson, B.A. (Cambridge) Assistant Demonstrator Physics.

G. H. M. Jauncey, B.A. (Aberlaine) Assistant Demonstrator Physics.

R. H. Wilson, B.Sc. (Manchester) Assistant Demonstrator Physics.

M. H. Brownlee, B.A. (University of Kansas) Demonstrator Electro-Chemistry.

I am,

Yours sincerely,

President.
